EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. J. Adam Neff on April 16, 2007.

The application has been amended as follows.

In Claim 1, the phrase of "etching at the same time" (lines 12-13) has been replaced with --etching,--; the term --the-- has been inserted after "from" (line 13); and the phrase of --a remaining portion of-- has been inserted before "the gap layer" (line 14).

In Claim 4, "the topmost" (line 4) has been replaced with --a topmost--.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance.

The prior art does not teach all of the limitations of the claimed invention (as recited in Claim 1) including patterning the second magnetic pole layer (26b) and the gap layer (25) by etching, while protecting the first magnetic pole layer from the etching with a mask formed by a remaining portion of the gap layer (25 in applicant(s) Fig. 14B) and the insulating layer (24) formed about the residual area (50) of the first magnetic pole layer, so that a width of the second magnetic pole layer in the track width direction is smaller than that of the residual area.

Accordingly, Claims 1 through 4 are allowed.

Art Unit: 3729

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Dexter Tugbang whose telephone number is 571-272-4570. The examiner can normally be reached on Monday - Friday 7:30 am - 4:00 pm.
